It is with pleasure that I write this letter of recommendation for Mr. Laymon Hicks.

Mr. Hicks is a speaker that can increase any audience's brain activity. We had the privilege of having him speak at our State Conference in Vienna, VA in April. He spoke to students about "Being your own Star". The topic he spoke about was not a flash- bang- wow forget it tomorrow topic, but one that caused you to stop and think. It had substantial "meat", full of positive energy and encouraged the students to take what life offers and become their own star.

He presented his concepts in such a fashion as to make the potential transferability to each and every student's daily routine. It was obvious that he has a thorough understanding of just what it takes to be a successful motivational speaker.

Having Laymon Hicks speak during our opening general session was a solid plus for our student organization. The overall comments we received and heard were outstanding and my personal opinion was that he did a fantastic job. I think he would be a great speaker for any student organization or association.

Thank you,

Ms. LaTasha Watson
